VOLUME CVIII.--NO. 159. ALEXANDRIA, VA., FRIDAY EVENING, JULY 5, 1907. PRICE 2 CENTS.

A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles used in them, viz.—pure triple-refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.

HEALTHY PLANTS

Require the Most Careful Attention as Well as Good Soil.

Did you ever see a rosebush which—despite the most beneficent environment of soil—of sunshine—and of atmosphere—seemed never to achieve a healthy growth.

A ton of manure will not help a plant that has a canker eating out its heart.

You must destroy the cause before you can remove the effect.

You cannot cure Dandruff and Baldness by rubbing on hair lotions, and rubbing in vaseline, etc.

You must look to the cause of the trouble—it's a germ at the roots of your hair which causes it to fall out.

Newbro's Herpicide destroys the germ, and healthy hair is the sure result.

Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich.

Two sizes—50 cents and $1.00.

Constipation

Baked sweet apples, with some people, bring prompt relief for Constipation. With others, coarse all-wheat bread will have the same effect. Nature undoubtedly has a vegetable remedy to relieve every ailment known to man, if physicians can but find Nature's way to health. And there is strikingly true with regard to Constipation.

The bark of a certain tree in California—Cascara Sagrada—offers a most excellent aid to this end. But, combined with Egyptian Senna, Slippery Elm Bark, Solid Extract of Prunes, etc., this same Cascara bark is given its greatest possible power to correct constipation. A toothsome Candy Tablet, called Lax-ets, is now made at the Dr. Shoop Laboratories, from this ingenuous and most effective prescription. Its effect on Constipation, Biliousness, Sour Stomach, Bad Breath, Sallow Complexion, etc., is indeed prompt and satisfying.

No griping, no unpleasant after effects are experienced, and Lax-ets are put up in beautiful lithographed metal boxes at 5 cents and 25 cents per box.

For something new, nice, economical and effective, try a box of

RIOT AT JAMESTOWN.

Five hundred of the soldiers in camp at the Jamestown Exposition and the Powhattan Guards, the exposition police force, to the number of 200, clashed on the Warpath in the exposition grounds, at about 11 o'clock Wednesday night.

Joseph Brasher, of Company G, First Kentucky Infantry, will probably die as a result of wounds received in the melee. His skull is fractured, the supposed result of blows from a black jack. A number of others were injured, among them Capt. Henry W. Carpenter, U. S. M. C., commandant of the Powhatan Guard, who was struck in the breast with a rock; Guard Presse, badly cut, Adjutant of the Guard Garwood, and Guard Kennedy. It looked warlike on the Warpath until the officers of the troops and Powhatan Guard got the upper hand of the situation and quieted the disorder.

The troops involved in the disturbance were members of the National Guard from South Carolina, West Virginia, and Kentucky, and the Twenty-third United States Infantry. Many of the shows on the Warpath were cleaned out by the soldiers, those connected with the shows, many of them foreigners, becoming panic-stricken.

It is claimed by the Powhatan Guard that the disturbance was caused by the disorderly conduct of several soldiers. The attempt of the guard to arrest them brought other soldiers to the rescue of their comrades and the entire available force of the guard was summoned to preserve order. Three soldiers who were finally arrested, charged with attempting to incite a riot, are D. E. McElvin, of the Second South Carolina; C. C. Hastings, of the First Kentucky, and J. Tompkins, Twenty-third Infantry. In the general mix-up of the soldiers and guard it is strange that there was not a greater number hurt. Most of the sightseers on the Warpath fled in terror.

Early in the night the soldiers, who were drinking, showed signs of being disorderly, and were repeatedly cautioned by the guards. Later, when their number had increased to about 300, they threw aside all restraint and proceeded to capture the War Path, paying no attention to doorkeepers, refusing to pay admission fees, declining to leave the buildings when ordered out, and acting in a disorderly manner. The temple of mirth, beauty show and streets of Cairo were the principal sufferers. At the latter place about fifteen Powhatan guards attempted to restore order, and then the trouble followed. The guards were later re-enforced by detachments of soldiers from the camp and order was restored.

Private McIlwaine, of the Second South Carolina regiment, was arraigned in Justice Backus' court yesterday morning on a charge of being implicated in the riot. Col. Thompson, of the regiment, appeared in behalf of the man, and after hearing the evidence Justice Backus dismissed the charge.

Similar charges against Privates C. G. of the First Kentucky regiment, Hastings and Joseph Brashear, were continued until today. Brashear is in the hospital suffering from wounds on the head. The report that the Powhatan Guard used blackjacks upon the prisoners whom they took into custody is denied. Col. H. B. Haldeman, commanding the First Kentucky regiment, accompanied by his staff, called on Capt. Carpenter of the Powhatan Guard yesterday and expressed regret that the trouble should have occurred.

Casualties on the Fourth.

Seven dead, six dying, and 423 persons treated at hospitals for injuries more or less serious, was New York's record of Independence Day casualties at midnight last night. In addition, hundreds were treated at the dispensaries, while many nursed their wounds at home.

Arthur Cararo, nephew of a retired Italian contractor, of New York, while shooting at flowers with a revolver, accidentally killed his aunt, Mrs. Alfonzo Fucarino. Overcome by remorse, Carraro then shot himself, his dead body falling across that of his aunt. Fucarino, when told of the double tragedy, endeavored to kill himself, but was restrained.

Two persons were killed and three injured by a member of a picnic party throwing a lighted cigarette into a can of powder at Cedar Rapids, Mich.

Angered because he remained away from home all night celebrating the Fourth, Andrew Androfsky, of Larksville, Pa., shot his wife and six-months-old child.

Nathan Siender, of New York, was shot by a policeman, who was pursuing Siender owing to a fight over fireworks.

The Poles were killed at a Fourth of July picnic at Utica, N. Y.

The hospitals of Washington shared their part of the burden of the Fourth yesterday, the surgeons and ambulances being kept busy all day.

Wise Counsel from the South.

"I want to give some valuable advice to those who suffer with lame back and kidney trouble," says J. K. Blankenship, of Beck, Tenn. "I have proved to an absolute certainty that Electric Bitters will positively cure this distressing condition. The first bottle gave me great relief and after taking a few more bottles I was completely cured; so completely that it becomes a pleasure to recommend this great remedy." Sold under guarantee at E. S. Leadbeater & Son's drug store.

We are certainly excelling ourselves and everybody else in the present quality of Arbuckles' Ariosa Coffee.

No such quality of coffee can be sold out of a bag, bin or tin, or under any other name by anybody in this town, for anything near the same price.

That's a strong statement, but you can take our word for it, and we are the largest dealers in coffee in the world. Another thing ---the egg coating on ARIOSA COFFEE does not improve its appearance but preserves the flavor and aroma.

Remember that ARIOSA is not sold to look at, but to drink.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart, or The Kidneys. Trouble of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Don't make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—means Stomach weakness, always. And the Heart, and Kidneys, as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for blosting, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me today for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative sold by E. S. Leadbeater & Sons.

FRIDAY EVENING, JULY 5, 1907.

A STORY of most remarkable nerve and cool daring, of a bank paying teller who calmly packed a fortune in currency in a dress suit case during one day's business hours and as calmly walked out in the afternoon, without a breath of suspicion attaching to him, came to light Wednesday when a reward of $2,500 was offered for the capture of Chester B. Runyan, until Saturday a trusted officer of the Windsor Trust Company, in New York. Saturday afternoon he walked ont of the trust company's office with $96,317.75 of the company's money stowed in his suit cane. For consummate coolness, the getaway that Runyan made has rarely been beaten. The cage which the payteller occupied is of open steel lattice work. Whatever goes on is visible to those in the cages to the right and left. There is an assistant in the cage all day. He noticed Runyan opening the suit case, often, but paid no attention. Yet Runyan was able during the course of Saturday morning to open his dress suit case from time to time and slip within it the entire contents of his till. He made a thorough clean-up, not leaving so much as a 5-cent piece behind him. The money was made up of bills varying in denomination from $1,000 down. Many of them were bills of the smaller sizes, which will be extremely easy for the teller to pass. Runyan evidently picked the day for the robbery with great care. The robbery could have been the result of no sudden and over powering impulse. Saturday was the most favorable day in the whole week for the man's purpose, for he knew that the theft would not be discovered until Monday morning, and this would give him nearly two days in which to lose himself, which he did.

MR. JAMES R. BREWER, secretary of the Maryland State Board of Charities, is strongly opposed to vaccination, alleging that it is responsible for the increase in the number of cases of tuberculosis. He has called down on his head a storm of indignation. He says:

"Forty years ago the scabs taken from children were in great demand, because it was believed that no purer virus could be had; but soon it developed that in many instances those vaccinated were affected with scrofula. Then it was determined to use the matter taken from healthy cattle. Prior to this time, tuberculosis was not a common disease, but since then it has developed alarmingly. As tuberculosis is a cattle disease, it is plain enough that the human family has become infected by inoculation. Abolish vaccination, and in time consumption and kindred troubles will decrease."

Mr. Brewer says he expects to see the time when, instead of imposing a penalty upon people for refusing to submit to vaccination, there will be a law prohibiting the practice of vaccination, and his views are entertained by many others.

SCHMITZ, Mayor of San Francisco, whom recent circumstances have compelled to utilize the jail as a City Hall, announces that he is a candidate for another term. He is awaiting sentence for extortion and bribery, and, if he should be elected he would be compelled to perform his duties from San Quentin penitentiary, and, perhaps, the courts of California would refuse to allow a convict to act as Mayor. In a competition for effrontery Schmitz would win easily against all comers.

A YOUNG foreigner who had been in this country but a short time became over enthusiastic in celebrating the Fourth of July in New York yesterday morning, and in discharging a pistol accidentally shot and killed his aunt. Realizing what he had done, he immediately placed the pistol to his head and killed himself. It is a pity that all those who carelessly shoot people in that way do not follow the young foreigner's example.

REPORTS from all over the country tell of the numerous accidents yesterday caused by the Fourth of July celebrations. Why will some people perversely continue to make the glorious Fourth the busiest day on the calendar for the doctors?

From Washington.

[Correspondende of the Alexandria Gazette.]

Washington, July 5.

Federal Judge Landis, of Chicago, threatens to "queer the government's game" in the Standard Oil prosecutions. If he carries out his present intention of placing John D. Rockefeller on the witness stand, in the rebate cases, he will give the Department of Justice the heaviest jolt it has ever received. The moment Mr. Rockefeller opens his mouth in court as to the Standard's operations, he will secure immunity from all possible criminal prosecutions.

The fact that the government has in mind such action against him will fall with astounding force in certain quarters, and be as great a surprise to the general public, as the information that the Attorney General and his 'trust busters' are not in entire sympathy with the present pursuit of the oil king. The Department of Justice is anxious to have the judicial probe inserted into the Standard's management, as the revelations may greatly aid it in it's action now pending for the dissolution of the trust. It also recognizes the propriety of Landis striving to ascertain the extent of the trust's property before imposing any part of the possible $29,000,000 fine in the rebate cases, already determined. It cannot, however, suggess to Landis any limitations upon his judicial course, and is thus helplessly standing by with the prospect of seeing the oil king march triumphantly out of Chicago after giving but meagre information of the Standard's business, but thereby securing absolute immunity from the prosecution he has feared. It is not believed at the department that Mr. Rockefeller seriously attempted to evade service. The opinion is that he hid just long enough to get the gaze of the country at large centered on his pursuit, and then gave himself up, in the belief that a failure to put him on the stand after so much fuss would have a tendency to weaken the goverment's case in popular estimation.

JAMESTOWN.

The Fourth of July at the Exposition was distinguished by the presence of Gov. Hughes, of New York, and President Woodrow Wilson, of Princeton University.

With the celebration of Independence Day was joined a meeting of lineal descendants of signers of the Declaration of Independence, the latter being under the auspices of the Thomas Jefferson Memorial Association, of which the acting head is former Secretary of the Navy Hilary A. Herbert.

A salute from the war ships in the Rods opened the ceremonies. Gov. Hughes reviewed a military pageant on Lee parade ground, school children sang patriotic hymns, and the Mexican National Band took part. Gov. Hughes made an address on the topic, "July Fourth," and Dr. Wilson spoke on "The Author and Signers of the Declaration of Independence." Both were masterly specimens of the patriotic address.

Hughes said: "We cannot, by arbitrary legislation, afford to disturb our industrial enterprises. There are millions of wage-earners who depend for their daily bread upon the stability of our business interests. But there is no reason why rapacity should not be restrained and public obligation enforced."

President Wilson said: "One really responsible man in jail, one real originator of the schemer and transactions which are contrary to the public interest, legally lodged in the penitentiary, would be worth more than a thousand corporations mulcted in fines, if the reform is to be genuine and permanent."

With several thousand colored people from all parts of the country, taxing the capacity of the vast assembly hall, the negro building at the exposition was formally dedicated at noon yesterday with appropriate exercises and addresses by some of the foremost men of the negro race.

To Send Fleet to the Pacific.

Secretary of the Navy Victor H. Metcalf, in an interview at Oakland, Cal., yesterday, confirmed the report that a large part of the United States navy will be seen in Pacific waters next winter. Eighteen or 20 of the largest battleships will proceed around Cape Horn on a cruise and will be seen in San Francisco harbor. "Many false impressions have gained circulation about the movement," said Secretary Metcalf. "I have held all along that there was practically no significance to this movement from a military standpoint. It is the policy of the Navy Department to keep the fleet in American waters as much as possible. It is also our policy to keep as large a number of battleships together as possible. We might as well spend the money in American ports as abroad. In the past we have sent squadrons to various European nations with less advantage than by keeping them at home. I hope the talk of Japanese troubles and of international differences may be dropped by the newspapers. I know of no reason why Japan and the United States should not be on the friendliest of terms."

Secretary Loeb upon his return from his daily session with President Roosevelt at Sagamore Hill yesterday in an official statement said:

"The relations between the United States and all other powers never were more peaceful and friendly than at the present time, and if a fleet is sent to the Pacific the fact would posses no more significance than the further fact that three or four months later it would be withdrawn from the Pacific. Both would merely be part of the ordinary routine of the naval administration."

Killed in a Storm.

It is now believed that at least seventeen lives were lost in the tornado which swept western Wisconsin Wednesday night. Numerous other persons were injured, and much damage to farm property and to dwelling houses is reported. According to reports received at St. Paul, Minn., Oakdale, on the Chicago, Milwaukee, and St. Paul Railroad, near Camp Douglass, was wiped out. Four persons are reported to have been killed there. At Grand Rapids, Wis., there are said to be five dead, but communication has not been re-established with that place. Miss Wensel was driving a horse and buggy when the storm struck her. The vehicle and horse were blown away and have not been found. Miss Wensel was blown into the top of a tree. At the home of Lyman Charles, near Neillsville, a social gathering was in progress. Mrs. Robert A. Marmion, widow of Dr. Robert A. Marmion, U. S. N., in Washington Wednesday night found the $250 diamond ring, for which she has been searching for two weeks. Her own son had been caught in a pawn shop attempting to sell the ring.

Disorder in Rome.

The centenary of the birth of Garibaldi was celebrated in Rome yesterday as a national holiday. The city was decorated from end to end with flags. The shops which attempted to remain open were forced to close by the rabble which paraded the streets from an early hour. Among the paraders were many redshirted man purported to have been followers of Garibaldi, but they were too young to serve under him. Socialist, republican, anarchist, and anti-clerical societies, preceded by flags, marched from the Piazza Popolo to Janiculum Hill, where Signor Barzilai, a republican deputy, made a speech. Wreaths were placed on the Garibaldi statue.

It is estimated that there were 50,000 persons in the procession. They were greatly excited and bent more upon proving, disorderly than celebrating Garibaldi's centenary.

Anti-clerical feeling ran very high. Hurrahs for Garibaldi were drowned by shouts of "Death to the Pope and priests." When the procession passed in front of the Hunt Club the mob shouted "Down with the aristocracy," and when in front of the Austrian Embassy, "Down with Austria." Cries of "Death to the priests" were raised in front of every church. Squads of police escorted the procession. All the troops of the garrison were confined to their barracks, while whole regiments drafted to the city for the occasion were hidden in the courtyards of palaces and government buildings.

The Vatican was surrounded by troops and the bridge leading thereto were strongly guarded.

Today's Telegraphic News.

Yesterday's Fatalities.

Chicago, July 5.—Thirty seven dead, 2,153 injuried and a fire loss of $340,555, is the statistical record of the country's celebration of Independence Day, according to the Chicago Tribune's annual compilation. The direct causes of the fatalities are as follows: By fireworks, 17; by cannon, 4; by fire arms, 9; by gunpowder, 3; by toy pistol, 1; by runaways, 3. Injured: By fire works, 1,046; by cannon, 222; by fire arms 292 by gunpowder, 347; by toy pistols, 250; by runaways 41. The roster of the dead is four more than last year's mortality. A year ago 33 persons were dead on the morning after the fourth. New York leads all in the number of killed and injured.

New York, July 5.—Shot through the top of the skull in the east side tenement district 11 year old Helen Fox today is dying, a victim to over-enthusiastic celebration of Independence Day. Helen was shot Wednesday afternoon while playing in the yard. The physician first called pronounced her wound slight and little attention was paid to it at first. When the child grew worse another doctor was summoned and a 32-caliber bullet was extracted from her brain.

New York, July 5.—The exuberance of two young men in celebrating the Fourth of July is regarded by the police as the cause of the death early yesterday of Nimpa Girczante, 19, a tailoress while she was dressing. The girl's room overlooked the room occupied by two men in Mott street, a distance of only about ten feet separating the two houses. Nimpa was standing in front of a looking glass arranging her hair when two shots were suddenly fired. One bullet struck her in the forehead and she fell dead without uttering a sound. The bullet passed over the heads of two other girls still in bed, burying itself in the wall.

Serious Conditions in New York.

New York, July 5.—The temperature is rising and no ice. The drivers and helpers' strike spread today. The tie-up is tighter than ever. A few wagons left the American Ice Company's pier, but were soon driven back by the strikers, their harness cut to pieces and the men cut and bleeding from bealings at strike sympathizers' hands. The men still clamor for higher pay and shorter hours.

The ice company's official say they will promise no more than their old places to the men.

The situation in Manhattan cleared later in the day. Business Agent Ferratti still refused to call the strike off, but strikers kept returning to their work until most of the wagons were running as usual.

In Brooklyn the strikers held out, with few exceptions. There was considerable rioting on the Long Island side of the river and a number of strike breakers were badly beaten.

STRIKE DECLARED OFF.

New York, July 5.—The ice drivers' and helpers' strike was officially called off in Manhattan this afternoon. The vote was unanimous, the union leaders saying it was impossible to keep the majority of strikers from returning to work. The American Ice Company takes all the striking employes but grants no other concessions. The Brooklyn strike is still on.

A Dangerous Maniac.

New York, July 5.—After an all night siege in his magnificence residence at Huntington, L. I., standing guard to protect his family from the attack of a crazed employee named Bulwiski, who threatened their destruction for a fancied grievance, Richard Carman, millionaire merchant, today beat into submission the maniac and turned him over to the police. The madman, armed with a shotgun and axe, suddenly entered the house and announced his intention of killing some one. Efforts to quiet him failed and police were called. He fled and officers started a hunt through a near-by woods. Bulwiski eluded the pursuers and entered the house through a back door. Bulwiski had no room to shoot and Carman wielded a heavy walking stick until he had beaten the man unconscious. Then he was tied until officers could arrive.

Election of Labor Candidate.

London, July 5.—In the defeat of the liberal candidate for Parliament in the election yesterday and the election of Peter Curran, labor candidate, there is deep significance forecasting the probable permanent defection of the nationals from supporting the liberal government, and, perhaps, the overthrow of the ministry in the near future. Home rule is the rock over which the liberal and Irish parties have split. Having shown their power, if the nationalists split absolutely with the liberals in Parliament the government's majority will be so small that its defeat is threatened at any time.

Mysterious Death.

New York, July 5.—Her hand almost severed at the wrist with a jagged fragment of glass from a broken decanter, a mysterious woman was found dying in her room at the Harlem Central Hotel today. She died from loss of blood soon after her arrival at the Harlem Hospital. The authorities doubted whether the gash in her wrist was alone responsible for her death and will hold an autopsy to determine whether she did not also take poison. The woman registered as Mrs. Groom, but it is thought she gave the wrong name. She was about 35 years old, well dressed and evidently amply supplied with money.

The Haywood Trial.

Boise, Idaho, July 5.—Point blank denial of Harry Orchard's story of the famous Bradley explosion is contained in fifteen depositions to be offered in the Haywood case today. The version of those who made the deposition is that no one planned to blow Bradley up with a bomb at all, but that the explosion was due to an accidental gas leak. The defense is fighting hard to get the evidence before the court; the prosecution to exclude it from record. By a change in the defenses programme Haywood will probably precede Moyer on the stand today.

Mysterious Shooting.

New York, July 5.—Thomas Bloxson, a wealthy merchant, is lying at the point of death today with two bullets in his right side, and the police are endeavoring to unravel the mystery surrounding the shooting. He was wounded while calling on his fiancee Miss Mary Tross in Fairgrounds. Neither Bloxson nor Miss Tross will discuss the shooting, Several days ago Bloxson is said to have had a fight with a rival over Miss Tross, and the police are trying to ascertain if there is any connection between that fight and the shooting.

Leopold's Plebian Son.

Brussel's July 5.—The prospects of a plebian son of King Leopold and a woman of the commonest antecedants becoming heir to the throne of Belgium is just now causing the greatest anxiety to Belgians of all classes. According to information coming today to the Publishers Press from court authorities Leopold is said to have about determined to solemnize his marriage under a religious ceremony with the Baroness Vaughn, by whom he has a two-year-old son, with a civil ceremony. Such an act would make the Baroness queen of Belgium and her son heir to the throne. It is has been officially stated to Leopold that the Belgian people will never endure the sight of the throne passing to one of mediocre blood and that if he persists his abdication will be forced. This threat is not likely to deter Leopold, however, as he is known as the most obstinate monarch in Europe.

American Millionaires Entertained.

Berlin, July 5.—Received with all the ceremony which could be accorded eastern potentates, a party of American millionaires, including Allison V. Armour, Andrew Carnegie, Mrs. Robert Goelet, Alfred Vanderbuilt and Ambassador Charlemagne Tower today visited, at the special invitation of Kaiser, his majesty's procelain factories and model farm at Cadinon in East Prussia. A banquet was served the Americans. During the meal a telegram arrived from the Emperor, now visiting in Denmark, welcoming his guests. From Cardinon the party will go by special train to Berlin to inspect the shops owned by the Kaiser where the product of the porcelain factories is held.

England's Demand Upon Morocco.

Tangier, July 5.—England's demand upon Morocco for the prompt release of Kaid MacLean, a British subject, who is commander of the Sultan's body guard, held by Raisuli until the Sultan agrees to the bandit's terms of surrender, has caused the greatest apprehension. The inability of the Sultan to secure the release of MacLean, is admitted. Raisuli's ransom demand is so exorbitant as to be out of question. Already an army is being gathered under the direction of War Minister Gabbis to pursue Railsuli.

Long-winded Baseball.

Cleveland, O, July 5.—The world's record for long-winded baseball was broken here yesterday by the Brooklyn Athletic Club and East End teams, prominent amateur organizations. They battled thirty innings when the Brooklyn's won out with a home run hit with two men on bases. The East Ends failed to score in the final half. The final score was: Brooklyn 4, East Ends 1. The former record was 28 innings held by two Boston school teams.

Attacked by Negroes.

Dayton, O., July 5—Police are today searching for two negroes and a white man who were gilty of brutal assaults last night. Chas. Meyer and his wife, while leaving McCabes Park, near the Soldiers Home, were attacked by a white man, who insulted Mrs. Myers. Myers struck at the man, who shot him, inflicting fatal wounds, then dragged Mrs. Myers a few feet from where her husband lay and attacked her. Myers is dying and wife is in a serious condition.

Surgeon Holinger, attached to the Soldiers home was walking with a young woman near the institution when attacked by two negroes, who made insulting remark to the young woman and then attacked her. Horling fought them off until the woman fled, but he was shot through the hip by one of the negroes.

Pittsburg, Pa., July 5.—A felons cell in the United States prison at Atlanta, Ga., awaits each of five men found guilty of complicity in wrecking the Enterprise National Bank of Alleghany. Hayward, Individual Bookkeeper Rolston, Assistant Teller Henzmer and Lemart S. Cook, the real estate dealer, convicted of aiding and abetting the suicide cashier, T. L. Lee Clark, to abstract and misapply funds of the depository. Edward P. McMillan, the general clerk of the ruined bank, pleaded guilty to irregularities. The sentences range from five to eight years.

The New York Stock Market.

New York, July 5.—A strong tone prevailed in the stock market all through the first hour and prices of everything traded in made advances in that period ranging from small fractions to over one point. A belief is growing that an advance in the steel common dividend rate is probable.

Mr. Rockefeller.

After a search lasting nearly two weeks in which representatives of the United States marshals of Chicago, Cleveland, New York and Boston have been endeavoring to serve upon John D. Rockefeller, head of the Standard Oil Company, a subpœna issued by Judge Landis of the federal court of Chicago, Mr. Rockefeller was located in Pittsfield, Mass., Wednesday, and personal service made upon him by a deputy marshal. After accepting service Mr. Rockefeller explained that he had not been endeavoring to dodge service, but that he did not know exactly what was wanted of him. After the officers had all left the place of E. Parmelee Prentice, Mr. Rockefeller's son-in-law, the marshal returned unexpectedly and found the oil King sitting on the piazza. Mr. Rockefeller has wired Judge Landis, of Chicago, that he will be in court tomorrow.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

WEDNESDAY'S WRECK.

The failure of two employes to remember their orders is ascribed as the cause of the wreck Wednesday morning on the Washington, Arlington and Falls Church Railway, near Fort Myer. Superintendent Garrett made the following statement:

"I am aware of the tendency on every one's part to begin an immediate criticism of the railroad company, and we may deserve it, but there are two sides to every case. We have been operating our lines for 12 years, most of which time I have been the superintendent. I have done my best under all circumstances with the material in hand. We have no collisions, but we cannot operate an exact time schedule on a single track road; neither can we give our patrons that service which they desire. I have investigated the cause of the wreck and have found the reason for it was the forgetfulness of the motorman and conductor on the car that preceded the railcar. They forgot their orders. I instructed them to notify Mock that the railcar was coming, so that he might allow it to pass him. After seeing the railcor on its way I heard nothing more of it until I was told of the accident. "Orack and Morgan have both told me they forgot to give the orders. While I was on the scene of the accident I heard numerous persons asking that I be arrested. They were not victims or authorities, but onlookers. I explained that I would not run away, but would be at my office all day. The conductor and motorman have been in the employ of the road for ten years and have not even a reprimand against them. I am extremely sorry that the thing had to happen, and more sorry that so much unfavorable criticism has been excited."

A coroner's jury composed of six citizens of Virginia yesterday held an inquest over the body of George T. Waring, a merchant of Ballston, a victim of the Fort Meyer wreck, and their verdict was a condemnation of the officials of the Washington, Arlington and Falls Church Railway Company.

The testimony of the witnesses, who included officials, employes, victims, and passengers of the road, all tended to bring out the points dwelt on by the jury, that the wrecked car was crowded and in a decayed condition; that neither written instructions, telephonic or telegraphic communication had ever been employed on the road; that verbal orders were entirely depended on, and that the fundamental reason for all this was not the inefficiency of the superintendent, but the penurious policy of the company.

The statement made Wednesday by William Mock, the motorman of the wrecked car, was borne out by the testimony at the inquest, and he was exonerated from all blame, while the admissions of Robert Crack, the motorman of the car preceding the rail car, and of his conductor, William Morgan, that they did not tell Mock that the car was following, were heard and passed over by the jury.

The awful suspense and sorrow of these two men when they realized they had forgotten their orders was reflected on their faces when they repeated to the jury the incidents following that realization.

The jury, after hearing the testimony of a number of witnesses, including many of those who were injured in the fatal crash, rendered a verdict as follows:

"We find that said George T. Waring came to his death through negligence of the officials of the Washington, Arlington and Falls Church Railway through not maintaining proper telephone and telegraph systems for warning conductors of obstructed tracks; further, through overloading cars and not obtaining proper brakes."

After rendering their verdict the jury suggested that no arrests be made at this time, but that the matter be called to the attention of the grand jury, which meets in October. Superintendent Garrett, of the road, admitted that the wreck had been caused by the failure of Motorman Robert Crack, in charge of a passenger car which passed Motorman Mock's car at Clarendon, to deliver a verbal message to Motorman Mock to take a siding and allow the freight cars to pass. Motorman Crack's only excuse for not delivering the message was that he had "forgotten"

Soon Knocked Out.

The 45-round fight for the heavyweight championship of America, at Colma, near San Francisco, yesterday afternoon, between Tommy Burns, of Canada, and Bill Squires, of Australia, lasted two minutes and eight seconds. Burnes knocked out the Australian with ease and the fight was over before the fans had fairly settled back in their seats. The fight was the shortest heavyweight engagement in Frisco that has been there since Jeffries knocked out the big miner, Monroe, from Butte, in the second round.

FIREMEN AT FRONT ROYAL.

The Fourth of July was observed at Front Royal under the auspices of the Relief Fire Department, of that town, with a parade extending over a mile in length, under charge of Col. Leedy and Lieut. Col. Miller, of the Seventy-second Regiment, Virginia Volunteers. A squad of men from Company D, Virginia Volunteers, under command of Lieut. Waller, headed the procession. In the parade were firemen in full regalia from the companies at Hagerstown, Md.; Charles Town, W. Va.; Winchester, Berryville, Luray, Strasburg, Woodstock, Harrisonburg, Alexandria and other points.

In the afternoon races were run by the reel teams from the various companies for the prizes. Summary:

150-yards dash, water and nozzle connection; first, Harrisonburg, 29 7-15 seconds; second, Strasburg, 32 1-5 seconds; third, Friendship, Winchester, 34 2-5 seconds.

Twenty members of the Reliance Fire Company went to Front Royal on Wednesday and participated in yesterday's parade. They were cordially received and entertained by the people of Front Royal. The Alexandrians returned home last night and were met at the depot by a drum corps which escorted them to the engine house. They say they enjoyed their visit greatly.

DEMOCRATIC COMMITTEE MEETING.

According to adjournment the democratic committee of this congressional district will meet at the office of Mr. G. L. Boothe, in this city, tomorrow to declare Mr. C. C. Carlin the democratic congressional nominee. This would have been done at the meeting of the committee held in Washington last Friday, but, it will be remembered on that day a paper was filed by Judge Nicol, one of the defeated candidates, who charged irregularities in the primary. To consider these charges the committee adjourned to meet in this city tomorrow. In the meantime, however, Judge Nicol declined to accept the terms of an investigation laid down by the committee and so far as he is concerned the matter is ended. It is understood that the committee at the meeting tomorrow will declare Mr. Carlin the nominee and adjourn.

THE FOURTH OF JULY.

While there were no serious accidents in this city yesterday to mar the celebration of the Fourth of July, there was apparently but little diminution in the explsions which began early in the week and did not finally cease until about midnight. After dark the discharges from roman candles and other devices were profuse, while a number of fire balloons ascended from different sections of the city.

A large percentage of the population of the city spent the day out of town, some patronizing exursion boats and trains, while others formed private picnic parties, and whirled away the day in near-by rural retreats far from the madding crowd. No arrests were made during the day. The temperature was comparatively pleasant.

BROKE MILK BOTTLE.

Some person early this morning took a bottle of milk from the door of the residence on the northwest corner of Wilkes and Fairfax streets and wantonly broke it into more than a hundred pieces. The family which lives in the house has recently incurred the enmity of certain people because they were compelled to appeal to the police for relief from the disorderly proceedings often carried on at that intersection after dark. The nuisance has not been entirely abated, and the police should investigate such acts of resentment as described above.

FRIDAY EVENING, JULY 5, 1907.

Wise Attacks Roosevelt.

John S. Wise, of New York, one time republican candidate for governor of Virginia, made an address at Ocean City, Md., on Wednesday before the Maryland Bar Association on "Centralization by Construction," in which, after commenting on the President's course, he declared that many of the things he was doing have no justification in the Constitution.

"Yet," he went on to say, "all are justified, apparently, as are many others not enumerated, by the declaration ardently made that there must be somewhere in our laws authority to broaden federal power by interpretation. The Constitution is to be so treated that the urgency of the growing needs of the United States is to be applied to it, so as to make it an indian rubber Constitution."

Mr. Wise then showed by the history of the government, and by the decisions of the Supreme Court, that many of the things now imposed cannot be done lawfully, except by constitutional amendments.

He contended that the doctrine of federal power, increased by construction under the ples of changed conditions, is the most insidious and dangerous heresy brought before the people of America; that in it lurks a germ of that, which, if it be premitted to grow, will destroy the checks and balances of our system, and substitute therefore an uncertain government, dependent upon the caprice of the "powers that be," and upon the fancies of passing doctrinaires.

The speeches of President Roosevelt, he said, indicate a singular ignorance of the boundary line between Federal and State powers, and he predicted that the people would not upold a party which advocated Federal or State aggression.

Cured of Lung Trouble.

"It is now eleven years since I had a narrow escape from consumption," writes C. O. Floyd, a leading business man of Kershaw, S. C. "I had run down in weight to 135 pounds, and coughing was constant, both by day and by night. Finally I began taking Dr. King's New Discovery, and continued this for about six months, when my cough and lung trouble were entirely gone and I was restored to my normal weight, 170 pounds." Thousands of persons are healed every year. Guaranteed at E. S. Leadbeater & Son's drug store.

A Highway Robbery.

Charles Souder, aged twenty-one, of Dovesville, Va., was held up, robbed, and fatally shot about 3 o'clock Wednesday afternoon by an unidentified negro upon the public highway, near Redland, about five miles northeast of Rockville, Md. Souder has been visiting his aunt, Mrs. William H. Brake, near Washington Grove. He, his grandmother, Mrs. Katherine Souder, aged seventy, also of Dovesville, and his little cousin, Eleanor Brake, had been spending the day at the home of William Souder, near Emory M. E. Church, and were on their way back to the Brake home. When in front of the farm of F. Hazell Casbell they passed a young negro on the road and spoke to him, the salutation being returned. The negro turned and followed the vehicle and inquired which way the road led. He was told it led to the pike, and he immediately drew his revolver and fired. The bullet entered Mr. Souder's back and passed into his abdomen. The assailant then demanded money, and Mr. Souder handed over his pocketbook, containing $15. The negro held the revolver at the head of the aged grandmother and demanded her money also, but was told that she had none. He then disappeared into a wood.
